ABOUT ANIMAL MAGIC

I work with telepathy and energy healing to empower animals in their lives as physical, emotional and spiritual beings. I assist them in their health, behaviour, relationship dynamics, moving house or country and in crossing over with grace.

Why communicate

- ✓ To honour and hear them as a soul
- ✓ To bring healing, change and happiness to their lives
- ✓ To grow the magic in your relationship and open to more empowering two way communication
- ✓ To nourish greater harmony for all
- ✓ To explore what they're really thinking & feeling

Kindly note animal magic sessions are part of a holistic approach to animal care. It does not replace veterinary diagnosis, prescription or treatment.

How many sessions

Often a single session is all that is needed for an issue, as being heard has a wonderful effect for everyone. You will receive clear action steps to support both of you in overcoming any challenge with love and in beauty. In chronic cases or trauma rehabilitation follow ups will be advised on as needed.

What to expect

Anything! Animals are thinking, loving and spirited beings. Each individual is a unique make-up of personality, humour, sensitivity, strength, magic, insight and wisdom... just like you know them to be.

Special Notes

Moving Home or Country: *Helping them know what's happening for more calm during big change*

Please include on your form the animal's full travel itinerary with dates and times of transits and veterinary checks. Also why you are moving, where too, what it looks like and the benefits of the move for the family. Please detail what parts of their routines and lifestyle will stay the same and what may change, as well as what good things to look forward to.

Animals in Spirit: *Blessing their passage in spirit and opening to the gifts of eternal love.*

I allow 3 weeks for you to have a natural grieving time before doing an animal magic session. Please read pdf *ReSourcing Grief* available on my website about personal work for opening to grace and right relationship with animals in spirit. I ask that you do two or more of the actions before the communication.
